

What Makes Us Different is What Makes Us So Popular With Parents

Exceptional Teachers

Bright, energetic, experienced, and bachelor-degreed, our teachers are really a cut above the rest. As our extremely low turnover suggests, Little Leprechaun teachers are happy and enthusiastic about teaching your children. Our teachers are certified by the State of Ohio to teach Kindergarten through primary grades.

The Chartered Advantage

Since we are chartered by the Ohio Department of Education as a private school, we're held to much stricter standards than other Kindergarten programs. From the caliber of our teachers to the quality of our curriculum, you'll recognize that being chartered makes a world of difference.

Full Day Kindergarten

A recent study of Ohio middle-class students found that by 3rd grade, students who attended a full-day kindergarten posted higher math, reading and writing scores than those who attended a half-day program. Full-day Kindergarten is the best way to equip your child for above-average performance in primary grades – the building blocks for a lifetime of successful learning.

Best-Practice Curriculum

It has been proven that a recipe card approach to curriculum development is not the best way to meet the needs of Kindergarten children. Together with our Curriculum Advisor, who is an author and graduate professor of early childhood development, we've chosen the most results-oriented components of highly researched educational approaches and combined them to build a curriculum that is unique to Little Leprechaun and creates the very best, most nurturing learning environment.

Nutrition and Safety

Unlike any other Kindergarten program, Little Leprechaun provides nutritious, home-cooked meals prepared by our on-site gourmet chef. We never serve processed foods – just the good stuff. It's even available for parent take-out!

Safety is a top priority at Little Leprechaun. For that reason, we oppose the use of potentially-deadly passenger vans. We use only safe, NTSB-approved school buses for the transportation of students.

Exclusive Enrichments

What other kindergarten program provides free French-as-a-Second-Language instruction? Research has demonstrated that learning a second language provides children with increased self-esteem, a greater ability to master English, and even the ability to perform higher in math and logic skills. Check out our on-site Webby Dance and Karate classes, too.

And Nobody Can Match Our Exclusive Services for Busy Parents!

- Chef-prepared, gourmet take-home meals
- Dry-cleaning drop-off and pick-up service
- Free Starbucks coffee each morning
- Extended hours from 6:30am until 7:30pm
- Bi-weekly "Parent's Night Out" childcare until midnight
- Robotic, parent-controlled classroom web cams

Little Leprechaun Academy

Other Schools

Our Kindergarten is Chartered Through the Ohio Department of Education

Dept of Ed Requirements:

- Our Kindergarten teachers are required to have a Bachelors Degree in Education and be certified by the state of Ohio.
 - Our curriculum is reviewed and approved by the Ohio Department of Education
- Our graduates are assured placement in the public 1st grade
 - We have state support for acquiring the best teaching tools and learning aides
- We're held to strict Department of Education Standards

Their Kindergarten is Licensed Through the Ohio Department of Job and Family Services

ODJFS Requirements:

- Kindergarten teachers are required to be 18 with a high school diploma or equivalency.
 - No defined curriculum standards
- Not a chartered program so there are no placement guarantees
- Teaching tools are only as good as the center chooses to purchase on their own
- Held to state daycare standards only

Our Kindergarten teachers have earned their bachelors degree and are certified to teach Kindergarten through primary grades

Many of their teachers hold only a CDA degree - requiring just 6 months of study!

Can accept children who will be 5 on or before Dec 31, 2009*

Will only accept children who are 5 on August 31, 2009

Full-day Kindergarten Program

Most programs are still half-day

French-as-a-Second-Language Instruction

Most offer no foreign language program

Nutritious home-cooked meals prepared by our on-site gourmet chef

If meals are provided, count on processed meals of hot dogs and macaroni and cheese.

Elaborate and innovative field trips rich in culture. The other schools can't compete

Infrequent field trips to the same stale destinations

NTSB-approved school bus transportation

Still using potentially-deadly passenger vans that have been banned by most states

Plus, Little Leprechaun Leads the Industry in the Application of Technology in the Classroom:

- Multiple Internet-Connected PCs in Every Classroom
- Email Accounts for Every Student
- Hands-on PC Instruction and Assistance

The Nation's Only Centers with Robotic, Parent-Controlled Web Cams
Enjoy real-time, full-motion classroom views, with the ability to pan, tilt, even "super zoom" right in on your child while in class, during quiet time or while creating works of art.

Meet One of Little Leprechaun Academy's Truly Exceptional Teachers

"An educational program is only as strong as its teachers, and I'm confident that no other area program can compare to the caliber of ours. We hire only the best teachers and we keep them long-term. It's a big reason why parents hold Little Leprechaun Academy in such high regard."

- T.J. Corcoran, *Owner of Little Leprechaun Academy*

Julie Rogers

Lead Kindergarten Teacher, Mason Center

Julie is a Cum Laude graduate from Northern Kentucky with a Bachelor of Arts in Education and is certified to teach Kindergarten through 8th grade in the state of Ohio.

Julie has been with Little Leprechaun Academy since 2002 and brings an incredible academic and practical track record of excellence. Her caring and patient approach to teaching makes her a quick favorite among the children.

"I simply adore teaching Kindergarten children! Each year, my focus is on creating an environment that meets the needs of every student and provides each of them with lots of opportunities for success. This helps them build self-confidence and self-worth that is necessary for success in higher grades. Most of all, I like to make learning FUN!"
